Directors' report

The Directors present their annual report and the audited financial statements for the year ended 30 June 2010

Principal activity

The principal activities of the Group are the operation of a professional football club, the provision of catering and function facilities, hoteliers, retailing and media activities, car park management, event organisation and property development and management

Review of the business

The loss for the year was £70.9m compared to £44.4m for the previous year

The year saw turnover increase to £209.5m from £206.4m, an increase of £3.1m

Operating expenses at £275.9m were £12.2m up on the previous year. Increased payroll costs of £19.6m and other operating expenses of £4.0m were offset by a reduction in player amortisation and depreciation of £11.4m

The football club made a loss on player trading of £1.0m in the year (2009 profit £28.6m) principally due to the sale of Claudio Pizarro to Werder Bremen and Andriy Shevchenko to Dynamo Kiev

Balance Sheet

Intangible assets have decreased to £64.0m from £77.8m as a result of £29.8m of player acquisitions offset by the net book value of disposals of £6.0m and amortisation of £37.6m

Tangible fixed assets are £190.1m at the year end. As in prior years, the bulk of the £2.8m additions have been spent on improving facilities at Stamford Bridge and the training ground at Cobham

Our net current liabilities at £42.1m have increased by £36.2m. Trade debtors have decreased by £43.6m due to prior year player related debtors being settled during the current year. In addition, trade creditors have increased by £8.1m, the majority of which relates to player purchases during the year. Other debtors and prepayments have decreased by £2.2m and other creditors by £2.9m. Cash at bank and in hand at £20.6m is £14.8m higher than last year

Creditors falling due after more than one year of £47.1m has increased by £15.9m from £31.2m in 2009. This is predominantly due to funding received from the Parent Company Fordstam Limited, which is the group's source of finance

Principal risks and uncertainties

There are a number of potential risks and uncertainties which could have a material impact on the Group's long term performance. These risks and uncertainties are monitored by the Board on a regular basis

Income

The Group derives the bulk of its income from football activities and related merchandising of which three principal sources stand out, gate receipts, television and commercial income including merchandising

All three sources of income are dependent on the performance of the first team and its appeal to football supporters. The performance of the first team is significantly influenced by the quality of the coaching staff and the players that the football club can attract in a highly competitive market both on the domestic and European levels

Directors' report *(continued)*

Expenditure

In order to attract the talent which will continue to win domestic and European trophies and therefore drive increases in our revenue streams, the football club continually invests in the playing staff by way of both transfers and wages

Regulatory Environment

The football club is regulated by the rules of the FA, FAPL, UEFA, and FIFA. These regulations have a direct impact on the football club as they cover areas such as the division of centrally negotiated television deals and the operation of the transfer market. The football club has staff whose roles include ensuring that the football club monitors the evolution of these rules and ensures compliance with them.

Funding

The Group has reduced net debt by £3.8m in the last financial year (2009 increase in net debt of £16.9m). Funds are provided by the football club's parent company Fordstam Limited, which is supported by the ultimate owner, Mr R Abramovich. The football club reviews and updates its forecasts on a regular basis and keeps the owner aware of its financial commitments going forward.

Key Performance Indicators

The principal key performance indicators for 2009/10 of both a financial and non-financial nature were as follows -

Non-Financial

- Winners of the FAPL (2009 Third place)
- Average league attendance of 41,422 (2009 41,496)
- Winners of the FA Cup (2009 Winners of the FA Cup)
- Champions League 1st knock out stage (2009 semi-finalists)

Financial (reviewed by the board on a monthly basis)

- Revenue growth
- Payroll costs
- Operating result before player trading and amortisation
- Gains/losses on player trading
- Player acquisition costs
- Capital expenditure
- Debt owed to group undertakings

Directors

The Directors who held office during the year were as follows:

B Buck
E Tenenbaum
R Gourlay (appointed 27 October 2010)
PF Kenyon (resigned 9 August 2010)

Company Secretary

AL Shaw served as Company Secretary throughout the year.

Results and dividends

The net loss for the year, after taxation and minority interest, was £70,878,000 (2009 £44,395,000). The Directors do not recommend the payment of a dividend for the financial year (2009 £nil).

Going concern basis

The Company is reliant on its parent undertaking, Fordstam Limited, for its continued financial support. The Company has received confirmation from its parent undertaking that sufficient funds will be provided to finance the business for the foreseeable future. The Directors have therefore adopted the going concern basis in preparing these financial statements.

Directors' report *(continued)*

Fixed assets

The movements in fixed assets during the year are as shown in notes 10 to 12 to the financial statements. The intangible fixed assets include the unamortised portion of the cost of players' registrations.

At 30 June 2010 the Directors do not consider there to be any significant difference between the book value and the market value of land and buildings.

Officers of Chelsea Football Club Limited have independently valued the playing staff. The average of their aggregate valuation as at 30 June 2010 was £215,713,000 (2009 £247,475,000). The valuations assume willing buyers for the relevant players' registrations on normal contractual terms and an orderly disposal over a period of time.

Suppliers

The Company agrees terms and conditions for its goods and services with suppliers and seeks to abide by these payment terms subject to the agreed terms and conditions being met by the supplier. Amounts due to the Company's suppliers at the balance sheet date represent approximately 20 days (2009 40 days) credit based on the total amounts of goods and services invoiced by them.

Employees

The Group recognises the importance of good employee relations and communications and involves employees as appropriate to each Company's circumstances. Employees are regularly kept informed of and express their view on activities which are of concern to them or are likely to affect their interests.

Disabled persons are given full and fair consideration in all applications for employment. Equal consideration is also given for training, career development and opportunities for promotion. If an existing employee becomes disabled, such steps that are practical are taken, in respect of adjustments to premises or employment arrangements, to retain him/her in employment. Where appropriate, rehabilitation and suitable training are given.

Political and charitable donations

The Group made charitable donations of £300,725 (2009 £80,077).

Auditor

The Directors who held office at the date of approval of this Directors' Report confirm that, so far as they are each aware, there is no relevant audit information of which the Company's auditor is unaware, and each director has taken all the steps that he ought to have taken as a director to make himself aware of any relevant audit information and to establish that the Company's auditor is aware of that information.

Pursuant to Section 487 of the Companies Act 2006, the auditors will be deemed to be re-appointed and KPMG LLP will therefore continue in office.

Statement of directors' responsibilities in respect of the Directors' Report and the Financial Statements

The Directors are responsible for preparing the Directors' Report and the financial statements in accordance with applicable law and regulations

Company law requires the Directors to prepare financial statements for each financial year. Under that law they have elected to prepare the Group and Parent Company financial statements in accordance with UK Accounting Standards and applicable law (UK Generally Accepted Accounting Practice).

Under company law the Directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the Group and Parent Company and of their profit or loss for that period. In preparing each of the Group and Parent Company financial statements, the Directors are required to

- select suitable accounting policies and then apply them consistently,
- make judgments and estimates that are reasonable and prudent
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements,
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Group and the Parent Company will continue in business.

The Directors are responsible for keeping adequate accounting records that are sufficient to show and explain the Parent Company's transactions and disclose with reasonable accuracy at any time the financial position of the Parent Company and enable them to ensure that its financial statements comply with the Companies Act 2006. They have general responsibility for taking such steps as are reasonably open to them to safeguard the assets of the Group and to prevent and detect fraud and other irregularities.

Independent auditor's report to the members of Chelsea FC plc

We have audited the financial statements of Chelsea FC Plc for the year ended 30 June 2010 set out on pages 7 to 28. The financial reporting framework that has been applied in their preparation is applicable law and UK Accounting Standards (UK Generally Accepted Accounting Practice).

This report is made solely to the Company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the Company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Company and the Company's members, as a body, for our audit work, for this report, or for the opinions we have formed.

Respective responsibilities of directors and auditors

As explained more fully in the Directors' Responsibilities Statement set out on page 4, the Directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view. Our responsibility is to audit the financial statements in accordance with applicable law and International Standards on Auditing (UK and Ireland). Those standards require us to comply with the Auditing Practices Board's (APB's) Ethical Standards for Auditors.

Scope of the audit of the financial statements

A description of the scope of an audit of financial statements is provided on the APB's web-site at www.frc.org.uk/apb/scope/UKNP.

Opinion on financial statements

In our opinion the financial statements

- give a true and fair view of the state of the Group's and the Parent Company's affairs as at 30 June 2010 and of the Group's loss for the year then ended,
- have been properly prepared in accordance with UK Generally Accepted Accounting Practice, and
- have been prepared in accordance with the requirements of the Companies Act 2006.

Opinion on other matters prescribed by the Companies Act 2006

In our opinion the information given in the Directors' Report for the financial year for which the financial statements are prepared is consistent with the financial statements.

Independent auditor's report to the members of Chelsea FC Plc *(continued)*

Matters on which we are required to report by exception

We have nothing to report in respect of the following matters where the Companies Act 2006 requires us to report to you if, in our opinion

- adequate accounting records have not been kept by the Parent Company, or returns adequate for our audit have not been received from branches not visited by us, or
- the Parent Company financial statements are not in agreement with the accounting records and returns, or
- certain disclosures of directors' remuneration specified by law are not made, or
- we have not received all the information and explanations we require for our audit

Notes

(forming part of the financial statements)

1 Accounting policies

The following accounting policies have been applied consistently in dealing with items which are considered material in relation to the Group's financial statements

Basis of preparation of financial statements

The financial statements are prepared in accordance with applicable accounting standards and under the historical cost convention, as modified where applicable to include the revaluation of freehold and long leasehold land and buildings

Basis of consolidation

The Group financial statements incorporate the financial statements of Chelsea FC plc and all its subsidiary undertakings for the year ended 30 June 2010 (see note 29). Acquisitions are accounted for under the acquisition method of accounting with goodwill representing any excess of the fair value of the consideration given over the fair value of the identifiable assets and liabilities acquired, being capitalised in the consolidated balance sheet and amortised over its expected useful life, being 20 years.

Entities in which the Group holds an interest on a long-term basis, and which are jointly controlled by the Group and other parties, are treated as joint ventures.

On 7 October 2005, the Group's shareholding in the ordinary share capital of Chelsea Digital Media was reduced from 80% to 65%, the remaining 35% being owned by Sky New Media Ventures Limited (SNMV), a wholly owned subsidiary of British Sky Broadcasting Group plc. The Directors believe that the nature of control is that of a joint venture and as such it has been accounted for in accordance with Financial Reporting Standard ('FRS') 9 'Associates and joint ventures'.

A separate profit and loss account dealing with the results of the Company alone has not been presented as permitted by Section 408 of the Companies Act 2006 (see note 9).

Going concern

The Company is reliant on its parent undertaking, Fordstam Limited, for its continued financial support. The Company has received confirmation from its parent undertaking that sufficient funds will be provided to finance the business for the foreseeable future. The Directors have therefore adopted the going concern basis in preparing these financial statements.

Related party transactions

The Directors have taken advantage of the exemption in FRS 8, paragraph 3(a), and have therefore not disclosed transactions or balances with entities which form part of the group (or investees of the group qualifying as related parties).

Investment in subsidiaries

Subsidiary companies are valued in the parent Company balance sheet at cost. Where an impairment in value occurs and it is considered to be permanent, the impairment below the cost of the investment, including loans, is written off to the profit and loss account.

Notes (continued)

1 Accounting policies (continued)

Tangible fixed assets and depreciation

Tangible fixed assets are stated at cost or valuation less depreciation. Depreciation is provided at rates calculated to write off the cost or valuation less estimated residual value of each asset over its expected useful life, as follows

Freehold land	Not depreciated
Long leasehold land	Not depreciated
Assets in the course of construction	Not depreciated
Freehold and long leasehold buildings	50 years on a straight line basis
Plant and equipment	2 to 10 years on a straight line basis

Players' registrations

All costs associated with the acquisition of a player's registration are capitalised as intangible fixed assets and are amortised evenly over the period of the players' initial contract of employment with the Group. In the event that the initial contract is renegotiated prior to expiry, the written down value at the date of renegotiation is amortised over the extended period. Fees receivable are set off against the players' net book value at the date of sale, plus any payments made in settlement of the contracts, and the difference is treated as a profit or loss on disposal.

Players' signing on fees

Players' contracts of employment may include a signing on fee payable in equal instalments over the period of contract. The Group's policy is to charge such fees to the profit and loss account as they fall due under the terms of the contract.

Stadium development

The Group capitalises all expenditure incurred for the development of the Stamford Bridge Stadium.

Capitalised Interest

Separately identifiable borrowing costs and interest incurred on the development of specific projects are capitalised as part of the Group's development costs for that project.

Investment properties

In accordance with Statements of Standard Accounting Practice ("SSAP") 19 "Accounting for Investment Properties", investment properties are revalued periodically and the aggregate surplus or deficit is transferred to a revaluation reserve. No depreciation is provided in respect of investment properties.

Compliance with SSAP 19 requires departure from the requirements of the Companies Act 2006 relating to depreciation and an explanation of the departure is given below.

The Companies Act 2006 requires all properties to be depreciated. However, this requirement conflicts with the generally accepted accounting principle set out in SSAP 19. The Directors consider that, as these properties are held for their investment potential, to depreciate them would not give a true and fair view and that it is necessary to adopt SSAP 19 in order to give a true and fair view.

If this departure from the Act had not been made, the profit for the year would have been decreased by a charge for depreciation. However, the amount of depreciation can not reasonably be quantified because depreciation is only one of many factors reflected in the periodic valuations and the amount which might otherwise have been shown can not be separately identified or quantified.

Notes (continued)

1 Accounting policies (continued)

Taxation

The charge for tax is based on the loss for the year and takes into account taxation deferred because of timing differences between the treatment of certain items for taxation and accounting purposes

Deferred tax is recognised without discounting in respect of all timing differences between the treatment of certain items for taxation and accounting purposes which have arisen but not reversed by the balance sheet date, except as otherwise required by FRS 19 'Deferred tax'

Turnover

Turnover represents all income arising from the ordinary activities of the Group excluding transfer fees and excluding Value Added Tax. Principal sources of income include match day, media, commercial and operation of hotel and stadium facilities

Leasing and hire purchase commitments

Assets held under hire purchase contracts and finance leases, and the related obligations, are recorded in the balance sheet at the fair value of the assets at the inception of each contract or lease. The amounts by which the payments exceed the recorded obligations are amortised over each contract or lease term to give a constant rate of charge on the remaining balance of the obligation

Classification of financial instruments issued by the Group

Under FRS 25, financial instruments issued by the Group are treated as equity (i.e. forming part of shareholders' funds) only to the extent that they meet the following two conditions

- a) They include no contractual obligations upon the Group to deliver cash or other financial assets or to exchange financial liabilities with another party under conditions that are potentially unfavourable to the Group, and
- b) Where the instrument will or may be settled in the Group's own equity instruments, it is either a non-derivative that includes no obligation to deliver a variable number of the Company's own equity instruments or is a derivative that will be settled by the Company exchanging a fixed amount of cash or other financial assets for a fixed number of its own equity instruments

To the extent that this definition is not met, the proceeds of issue are classified as a financial liability. Where the instrument so classified takes the legal form of the Group's own shares, the amounts presented in these financial statements for called up share capital and share premium account exclude amounts in relation to those shares

Finance payments associated with financial liabilities are dealt with as part of interest payable and similar charges. Finance payments associated with financial instruments that are classified as part of shareholder's funds (see dividend policy) are dealt with as appropriations in the reconciliation of movements in shareholders' funds

Dividends on shares presented within shareholder's funds

Dividends unpaid at the balance sheet date are only recognised as a liability to the extent that they are appropriately authorised and are no longer at the discretion of the Company. Unpaid dividends that do not meet these criteria are disclosed in the notes to the financial statements

Operating leases

Payments made under leases regarded as operating leases are charged to the profit and loss account on a straight line basis over the lease term

Pensions

The Group operates a number of defined contribution schemes. Contributions to these schemes are charged to the profit and loss account as incurred. The Group is one of a number of employers in a shared defined benefit scheme for playing staff. The defined benefit scheme is a multi-employer scheme and in accordance with FRS 17 has been treated as a defined benefit contribution scheme

Notes (continued)

1 Accounting policies (continued)

Stocks

Stocks, which comprise goods held for resale, are valued at the lower of cost and net realisable value

Foreign currencies

Transactions in foreign currencies are translated into sterling at the rate of exchange ruling on the transaction date. Foreign currency monetary assets and liabilities are translated into sterling at the rate of exchange ruling at the balance sheet date. Exchange gains and losses are included in the profit and loss account.

Deferred income

Income from season tickets, sponsorship, broadcasting and other commercial contracts, which has been received prior to the year end in respect of future football seasons is treated as deferred income.

Debt

Debt is initially stated at the amount of the net proceeds after deducting any issue costs which are amortised over the life of the debt, in accordance with FRS 4 'Capital Instruments'.

As part of the Eurobond issue in 1997 the Company made a loan to Chelsea Pitch Owners plc of £11,151,000, which is interest free and has an unspecified repayment date. This was used to acquire the share capital of Chelsea Stadium Limited (previously Stardust Investments Limited) and discharge the debts of that Company in order to leave the freehold interest in the stadium site unencumbered.

On the same date, Chelsea Stadium Limited (previously Stardust Investments Limited) granted a long leasehold interest over the stadium site at a peppercorn rent to Chelsea Football Club Limited. Chelsea Pitch Owners plc is obliged to repay the debt in full. The balance outstanding at 30 June 2010 was £8,645,944 (2009 £8,645,944). The directors believe that the balance outstanding will be ultimately recovered.

Under the terms of certain contracts with other football clubs in respect of player transfers, additional amounts would be payable by the Group if certain conditions are met The maximum amount that could be payable is £3,755,000 (2009 £4,282,000)

Notes (continued)

26 Contingent liabilities (continued)

HMRC is currently performing an industry wide investigation into the taxation of payments under image rights contracts. As part of this investigation, HMRC has focused on image rights payments made to our players in the financial years 2003/2004 to 2008/2009 inclusive. HMRC's position is that payments in relation to image rights may be a form of remuneration and, as such, should be taxed as income. There is a possibility that this matter may lead to litigation. Should HMRC succeed in any such litigation the club may be liable for, amongst other things, approximately £3.8 million (which relates to employer's NIC contributions during the period 2003/2004 to 2008/2009).

27 Control

The Directors consider Fordstam Limited to be the ultimate parent company of the Group, and the ultimate controlling party is Mr R Abramovich. The largest group of undertakings for which group accounts have been drawn up is that headed by Fordstam Limited.

The consolidated accounts of this Company and its parent Company may be obtained from the Registrar of Companies, Companies House, Crown Way, Cardiff, CF14 3UZ.
